

OBCO offers a wide range in Restaurant and Janitorial Supplies.

DISH DETERGENT / HAND WASH	
<p>Brilliant Blue is one of our best-selling hand dishwashing detergents. The formula contains biodegradable anionic and nonionic surfactants to lift and emulsify grease, soils, and food from dirty dishes, silverware and glassware while remaining environmentally friendly containing no phosphates. This product is by far the best value available for the price.</p>	
<p>V-C-S is a hand dishwashing detergent that excels in soft or very hard water areas when used as directed. The formula used keeps the product from leaving any spots or streaks on glassware and dishes. Any grease will just disappear into the solution from dishes, pots and pans. Any heavy encrustations can be loosened simply by soaking items in the V-C-S solution.</p>	
<p>SCS-43 is a concentrated detergent, just as good as Dawn, as a dishwashing detergent. The formula will leave glassware and dishes spot and streak free while keeping dishes from getting slippery when washing for easy handling. Using emulsifiers, grease will disappear into the solution from dishes, pots, and pans. Heavy encrustations are loosened by soaking. Designed for industrial, institutional, and commercial use. Keep out of reach of children.</p>	
BAR GLASS DETERGENT	
<p>Hint Green is a low foam, bar glass dish detergent. This specialized formula does not include butyl, which will help keep foamy beer tops from flattening instantly. The detergent also works very well to remove those stubborn lipstick stains off glassware that typically involve rubbing off then washing the glasses. Hint Green was designed cocktail bars, craft beer joints or breweries.</p>	
DISINFECATANT SANITIZER 3-COMPARTMENT SINK	

Q-San is a Maquat based disinfectant sanitizer that also acts as a mild detergent. The formula works to disinfect and clean surfaces at the same time. It is an EPA registered product with an organic soil tolerance designed for use in hospitals, nursing homes, institutional, industrial, schools, restaurants, food handling and processing areas, bar and institutional kitchen use. **Q-San can also be used to sanitize ice machines.**

DISH MACHINE HIGH TEMPERATURE DETERGENT

Chlor-Sol is a highly concentrated blend of low-foam, chlorinated alkaline detergents, water softeners, soil suspending agents, corrosion inhibitors, sequestrants and rinse additives that effectively removes protein, grease, starch and other byproducts and suspends all types of organic soils and rinses freely and completely without residue. It is designed for high temperature dish machines and recommended for use at food processing plants, industrial plants, and restaurants.

DISH MACHINE HIGH TEMPERATURE RINSE

Excell is a scientific combination of low foaming synthetic detergents and water conditions designed to reduce surface tension of rinse water droplets and prevents them from causing spotting upon drying. Works equally well in hard water or soft water areas reducing drying time and eliminating water spotting. This rinse additive is designed specifically to be used in high temperature dishwashing machines.

DISH MACHINE LOW TEMPERATURE DETERGENT

720 Red Detergent is to be used with the OBCO system with the appropriate amount of detergent to handle existing soil load and water condition. 720 Red is recommended for low temperature dishwashing machines only.

Red 79 is a detergent, formulated for low temperature dishwashing machines only.

DISH MACHINE LOW TEMPERATURE RINSE DETERGENT

620 Blue Rinse is super concentrated and needs to be adjusted to provide optimum rinsing of dishes and utensils. 620 Blue is to be used only in connection with the OBCO system on low temperature dishwashing machines only.

Blue 79 is a rinse additive, formulated for low temperature dishwashing machines only.

DISH MACHINE LOW TEMPERATURE SANITIZER

640 Green Sanitizer is super concentrated and needs to be adjusted to provide optimum results for low temp dish machines only.

Green 79 is a concentrated sanitizer, formulated for low temperature dishwashing machines only.

DISH MACHINE PRESOAK DETERGENT & DETARNISHER

Soak It is a pre-treatment step that makes the dishwashing process more effective, leading to cleaner and sparkling flatware and potentially reducing water, chemical, and energy consumption, as well as labor. Soak It is designed to help cut off food before it is sent through the dish washer. OBCO's formula works to remove excessively crusted food and grease from dishes and cutlery to guarantee cleanliness upon exiting the dish washer. The formula is designed to restore tarnished metals without damaging the metal, leaving cutlery sparkling.

CLEANERS & DEGREASERS

Hydrolene is a concentrated peroxide multi-purpose cleaner. The formulated biodegradable surfactants suspend and remove soils while the hydrogen peroxide provides color-safe bleaching and deodorizing. Natural citrus solvents penetrate oil and grease for easier cleaning. Hydrolene has multiple dilutions that are customized for each type of cleaning that may be needed. The added ingredient D 'limonene acts as a natural insect repellent to keep pesky insects away.

	<p>Mo-Jo is a super concentrated cleaner of the future. A catalactive cleaner without harmful toxic vapors that is safer than soluble solvent cleaners. This concentrate will clean and deodorize simultaneously in one easy move. This product is environmentally appealing because it contains no soaps, phosphates, highly toxic solvents, or non-biodegradable detergents.</p>	
	<p>No-Bu is a non-butyl catalactive cleaner without harmful toxic vapors that is safer than water-soluble solvent cleaners. This concentrate will clean and deodorize simultaneously in one easy operation. This product is environmentally appealing because it contains no soaps, phosphates, highly toxic solvents, or non-biodegradable detergents. Recommended for use where water soluble solvent-type cleaners cannot be used and where all greasy, oily soils exist. Safe for use on all surfaces not harmed by water.</p>	
	<p>Mon-Back is a bacterial enzymatic product which works as a deep cleaning microbial cleaner. Works great to reduce urine smells in and around urinals / bathrooms. Enzymes in the formula will eat stubborn grease and oil without affecting drains or piping. Highly concentrated formula will yield 128 applications per gallon.</p>	
	<p>SCAT is a butyl based all-purpose cleaner and degreaser. This liquid-based formula is a great foaming cleaner which works to separate dirt, grease and grime for easy cleaning.</p>	
	<p>Slugger is a supper concentrated cleaner and degreaser. OBCO's strongest butyl based liquid degreaser which is useful for a wide variety of industrial, commercial and institutional cleaning jobs. Designed for use in meat, poultry, rabbit, egg and other food processing plants. The solution must always be rinsed with potable water after every use.</p>	
	<p>V-C-D uses a concentrated formula to help remove heavy deposits of grease, oil, soot, and soil from a wide variety of surfaces. This is a non-toxic, non-corrosive, non-polluting, and non-flammable product designed to help clean surfaces normal household cleaners can't.</p>	
	<p>Power Plus is a ready to use all-purpose cleaner that removes dirt, build-up and grime from almost any washable surface. This simple spray and wipe formula makes cleaning quick and easy leaving no streaks or residue.</p>	

Pine Plus is recognized by experts as the most perfectly balanced (no free acid, no free alkali) color toned cleaning concentrate as is possible to manufacture. This fast action solution rewards the user by reducing the time needed to efficiently clean any washable surface from oil-soaked garage floors to the most delicate oil painting. Pine Plus solution dissipates the grease base of soil immediately by emulsification permitting easy, fast and thorough removal. Use with full assurance of complete satisfaction.

Dyno Solv is a 100% organic cleaner and degreaser that is environmentally safe and non-corrosive. The Dyno Solve formula works to destroy grease build up, control odors, and open clogged drains. It is made with D 'limonene which acts as a natural insect repellent and leaves a fresh citrus scent when used. This product can also be mixed with carpet shampoo to help with odor control in the household or business environments.

FREEZER CLEANER

Deep Freeze is a freezer cleaner

DRAIN MAINTAINER

Hi-Al is our formulated alkaline drain opener, formulated to hold two times more grease and fats in suspension than most alkaline drain openers and is also a heavier liquid. Unlike acid drain openers, Hi-Al is not irritating to the touch and will knock out blockages of hair, soap scum, fats, food and many more tough deposits.

Tri-Zyme is a bio-enzymatic deodorizer that works to eat sugars and starches that attract unwanted flies and build foul or unpleasant odors. Destroys odors, removes organic stains, and liquifies grease. Tri-Zyme is safe to be used on any surface and can be poured directly into drains. It also works well as a pre-spotter on cloth material. Tri-Zyme works very well to eliminate urine smells around urinals / bathrooms.

INSECTICIDE / DRAIN & GRATE TRAP MAINTAINER

Shoo-Fly removes hard to reach organic material from drain lines and other non-drain sites. Reduces noxious drain odors and improve flow in slow drains. This formula is designed to cling to the sides of the drains and pipes. The product can be sprayed onto hard-to-access non-drain sites and is safe for all types of higher bacterium levels. It is a biodegradable, non-toxic, non-pathogenic, on-caustic and salmonella-free.

MILDEW STAIN REMOVER

Bi-Dew is formulated with chlorine-stable detergents and builders to remove mildew stains on contact. Spray on, leave on 5 mins and rinse off. No rubbing or scrubbing is necessary except for very stubborn areas. May be used in closed spaces such as bathroom shower stalls and closets. Spray on, walk out and let dry. Mildew will be gone when area dries.

DISINFECTANT

Foamy is designed for general household cleaning and disinfecting homes. The foaming germicidal cleaner will deodorize areas such as garbage storage areas, empty garbage bins/cans, basements, and other areas which are prone to odors caused by microorganisms. Efficacy tests have demonstrated that Foamy is effective as a one-step cleaner-disinfectant in the presence of organic soil. It is also fungicidal against pathogenic fungi when used as directed on hard surfaces found in bathrooms, shower stalls, and locker rooms, or other non-porous surfaces commonly contacted by feet.

HARD SURFACE SANITIZER

Maxim is for use on hard, non-porous surfaces in restaurants, bars, kitchens, cafeterias, institutional kitchens, fast food operations and food storage areas. For use on countertops, dishes, silverware, cooking utensils, racks, tables, chairs, glass surfaces, and other hard non-porous surfaces.

ACID BASED CLEANERS

D-Scale is an effective descaler and delimer for all types of equipment, especially mechanical dishwashing machines and steam tables. Ideal for use in restaurants, cafeterias, kitchens, loungers and food processing plants. This product removes hard water scale, lime, grease, food, organic material, metallic oxides and other residues.

OVEN CLEANERS

Hot Stuff is a concentrated degreaser and fast acting oven / grill cleaner that can be diluted 10 to 1 with water. This heavy-duty formula works quickly to remove grease, grime, burn residue, and dirt from any metal surface. Hot Stuff makes cleaning quick and convenient. Hot Stuff can be used on hot or cold surfaces.

Oven Mite is formulated for hard to clean institutional ovens and cooking utensils. Works extremely well on outdoor barbeque grills, both gas and charcoal. Home ovens and pots and pans are cleaned easily with far less effort than with conventional cleaners. Shines stainless steel to look like new. The super clinging gel formula allows for the product to sit on vertical surfaces while cleaning the area. Do not allow cleaner to remain on asphalt tile.

	DEEP FRYER CLEANER	
	<p>Banish is a highly alkaline detergent containing caustic soda and grease emulsifiers for quick removal of carbonized soil. Frequent use of Banish will keep fryers sparkling clean and free of rancid odors.</p>	
	DEODORIZERS	
	<p>Deo is a highly concentrated liquid deodorant specially formulated to control bad odors by three-way action. It will deactivate the source, neutralize the malodor and provide a fresh, pleasant fragrance to surrounding areas. DEO will eliminate foul organic odor from carpets, floors, dirty linen baskets, garbage pails, disposal units, toilets, closets, cigarette urns, etc. It is non-oily and can be applied directly on any surface.</p>	
	GLASS CLEANER	
	<p>Look-Out is a concentrated formula glass cleaner for all glass surfaces at normal temperatures. Thoroughly cleans windows, mirrors, showcases, auto windshield, porcelain, citrolite, and plastic surfaces. It is a non-streaking, economical formula. Look-Out is unsurpassed in performance for hazing removal from interior glass partitions and removing sport soiling and fingerprints from all surfaces. Dilute 1 part of Look-Out per 9 parts of water.</p>	
	<p>Klear & Kleen is a ready to use quick acting and harmless glass cleaner. Klear & Kleen uses excellent penetrating action and can be applied to the finest glass. This formulation is non-ammoniated; non-flammable and uses deionized water. Special formula will not streak and has grease cutting capabilities; will not scratch glass and is harmless to rubber, paint, metal, and skin.</p>	
	CARPET / FLOOR CLEANERS	
	<p>X-Traction Plus is a superior product to clean all types of carpeting including nylon, wool, and other blends of carpet materials. Perform a test on an inconspicuous spot to check for deleterious effect on the carpet.</p>	
	<p>Nu-Tral is an all-purpose floor cleaner designed for use on wax and wood flooring. The formula uses emulsification to lift grease and grime from floors for quick and easy cleaning. No rinsing is necessary when using Nu-Tral and it will not leave any soapy scum or film on surface areas. It helps keep mop water strong, even when loaded with dirt. When combined with a tank sprayer, this product will provide excellent results.</p>	
	FLOOR MAINTENANCE	

	<p>Image is a premier metal interlocked floor finish uniquely formulated to resist black heel marking, soil retention and scuffing under the heaviest traffic.</p>	
	<p>Strip & Mop Finally a product which provides the easy removal of multiple wax and finish layers without the use of scrubbing machines.</p>	
<p>LAUNDRY</p>		
	<p>Enforce a liquid laundry detergent contains concentrated synthetic surfactants to lift and suspend soils. In addition, it works in a number of water conditions, and by leaving no alkaline residue, eliminates irritation to sensitive skin.</p>	
	<p>Lemon Scent is an environmentally friendly powder product containing biodegradable detergents. Contains no enzymes or NTA. Recommended for all types of machine washable laundry. Rinses freely and leaves no irritating residue on fabrics. Lemon Scent is well suited for all types of industrial and institutional facilities including schools, hospitals, motels, hotels, clubs, and nursing homes.</p>	
	<p>Hi Punch is an ultra-liquid laundry detergent. It cleans in all temperatures. A biodegradable anionic and nonionic surfactants that lifts tough soils and grease. Does not contain phosphorous.</p>	
	<p>Super Destainer is an economical laundry stain remover. Use this product to remove stains and to deodorize white cottons, linens, nylon, Orlon, Rayon, Dacron and polyester linen. Not to be used with silk, wool, non-fast colors, and leather.</p>	
	<p>Fluff-Plus is a fabric softener and neutralizer. Reduces wrinkling and static electricity, and speeds extraction and drying. Neutralizes harmful chemical residue while it helps remove tough protein-based soils and stains. Makes white and colored fabrics brighter. Also improves ironing time.</p>	

	<p>Liquid Laundry Builder is a highly alkaline break / builder that is formulated for use with automatic liquid dispensing systems in institutional and commercial laundries. May be used separately as a break or in conjunction with detergent. Safe for use on all machine washable fabrics.</p>	
AUTOMOTIVE		
	<p>555 Car Wash is a superior concentrated cleaner that removes all soil and dirt, oil, grease, without injury to enamel / lacquer finishes, chrome, or glass surfaces, or auto waxes and polishes, from all types of vehicles.</p>	
	<p>AB-60 is a wheel cleaner containing hydrofluoric acid. Leave solution on wheels less than 2 mins before rinsing thoroughly with water.</p>	
	<p>Dress Up is a tire dressing designed to protect, polish, and soften any surface it is used on. This product is designed for use on vinyl, leather, and rubber surfaces. It cannot be used on acrylics, plastics, or instrument panels. Dress Up is non-browning and will not stain or discolor surfaces.</p>	
	<p>Sparkle is a high foaming synergistic blend of detergents with W-300. Deposits of wax-like mono-molecular film to give a high luster. Water repellent surface, helps to repel dust and retards rusting. Completely water soluble. Non-streaking will not clog dispensing equipment. Sparkle can be used in car washing machines.</p>	
	<p>Wheel White is a highly effective concentrate for whitewall tires. Fast acting, either by spraying, mopping, or brushing. Wheel White is phosphate free, biodegradable and anti-polluting. It is non-flammable, harmless to rubber and works quickly to penetrate soil and clean tires.</p>	
CLEANSING SOAP		
	<p>White Magic is a superior liquid lotion soap for use in hand dispensers. This original formula produces highly active lathering and cleansing qualities of the finest grade coconut oil and soothing oils and lotions. Thoroughly cleanses without harming the most tender skin, and without removing the natural skin oils. It is pure active but mild lotion leaving skin soft and velvety. White Magic is pleasantly scented and will leave the hands soft and smelling of fresh linen.</p>	

DUMPSTER WASH		
	<p>Twist is specially formulated with all natural bacteria enzymes, and orange oils to clean, cut grease and neutralize odors. It can be used on any water-safe surface including dumpsters, floors, walls, trash chutes, and loading docks</p>	
	<p>GOC is a ready-to-use activated deodorant with concentrated granules that absorb and neutralize odors when applied at their source. GOC releases a powerful eucalyptus scented counteractant that banishes malodors in every climate and season. GOC is ideal for deodorizing trash cans, disposal trucks, dumpsters, garbage dumps, and sludge drying beds. Cherry fragrance.</p>	
AEROSOL – AIR CONDITIONER		
	<p>Koil-D uses a simple spray and wipe foaming action to clean and disinfect heating and air conditioning units at home or in the work place. This product is dual action in that it can also be used to control mold and mildew. Koil-D was designed to be virucidal against Herpes simplex 1&2, Canine parvovirus, and disinfects against Legionella pneumophila. To be used on non-porous surfaces. The disinfectant quality of Koil-D is also effective against the Corona Virus.</p>	
AEROSOL – CARPET – SPOT REMOVER		
	<p>Dry It Out is a powerful, fast acting spot and stain remover that quickly dissolves away both water and oil-based soils. Requires no rubbing, leaves no residue and will not soften carpet backing or upholstery cushions. Excellent as a pre-spotter prior to extraction. This product removes coffee, tea, soft drinks, Kool-Aid, alcohol beverages, oil, grease, mud, ketchup, urine, ink, etc.</p>	
AEROSOL – DUST		
	<p>Dust Hold an oil-based treatment which quickly attracts dust and dirt to mops, clothes, and mitts. This non-chlorinated formula eliminates the annoyance of flying dust while reducing possible inhalation and prevents resettling. Special ingredients convert dust into heavy lint which shakes out or can also be washed out easily. Surfaces will be left brighter and protected from gathering dust.</p>	
	<p>Dust Up uses a water-based penetrating foam that deposits, magnetic attractants deep into rags, cloths, mops, or brooms to draw in dirt and dust and convert it into heavy lint. The formula keep dust from spreading in the air while leaving surfaces shiny without the presence of silicones or waxes. With a new 360-degree valve, the aerosol canister makes this product easy to use anywhere.</p>	

AEROSOL – GLASS CLEANER		
<p>Krystal Kleer a light foam glass cleaner that will not streak, haze, or smear. Instantly cuts through grease, dirt and grime to leave windows sparkling clean and haze-free. This concentrated formula wipes off easily leaving no residue or film. Excellent for commercial and institutional glass cleaning.</p>		
AEROSOL – OVEN & GRILL CLEANER		
<p>Oven Master is specially formulated to rapidly clean ovens, grills, cooking pots and pans, non-aluminum barbeque grills. Extra thick foam quickly penetrates grease, burned food, stains and grime. Stays in place on vertical surfaces to give thorough cleaning. Restores surface to like new condition without harming it. Simply spray on and wipe off. Use on warm or cold ovens. This Oven Master formula has been authorized by the USDA for use in federally inspected meat and poultry plants.</p>		
AEROSOL - INSECTICIDES		
<p>VS 102 this Ant and Roach spray is effective up to 7 weeks against: ants, cockroaches, fleas, ticks and other listed insects. This formula also has a 18,000-volt dielectric strength and is pleasantly scented with a vanilla fragrance.</p>		
<p>CSR-7 is an aerosol insect killer that is effective against ants, cockroaches, fleas, ticks and other insects. The CSR-7 formula is effective to work against these insects for up to 7 weeks and contains a 18,000-volt dielectric strength. It is also pleasantly scented with a floral fragrance.</p>		
<p>Down & Out is an EPA registered, water-based insecticide created with the latest scientific technology to be among the most powerful insecticides on the market. This product works to kill flying and crawling insects on contact and can be used in food processing areas. It contains a powerful, natural pyrethrin to kill insects. The dry, fogging action covers large areas quickly.</p>		
<p>Knock Out is a Wasp, Yellow Jacket, and Hornet killing spray that can be used indoors and outdoors. The aerosol canister has the capability to shoot a stream of 15-20 feet and works with a dielectric strength of 40,100-volts.</p>		

	DISINFECTANT – CHLORINATED TABLETS	
	<p>Chlorinated Disinfecting Tablets are an EPA registered sanitizer and disinfectant and are tested and proven to be effective against Corona Virus. They provide broad spectrum coverage and kill 99.9% of viruses and bacteria. The fast-dissolving formula works hard to remove mold and mildew stains while also eliminates and controlling four odors. One solution will stay fresh for 3 days. This no-rinse food-grad sanitizer can be used on all hard non-porous surfaces.</p>	
	WEED ELIMINATOR	
	<p>Wipe Out II is specially formulated, non-selective herbicide for controlling a wide variety of annual and perennial weeds and grasses. Highly recommended for municipal weed control and as a semi soil sterilant. It is recommended for use only on non-cropland areas such as railroad rights-of-way, fence rows, parking lots, around buildings, loading ramps, storage yards, tank farms and industrial sites. This product is tox to aquatic invertebrates.</p>
